Welcome & Engagement Overview

Dear Contractor,

Welcome to GA Healthcare Training & Consulting. We are pleased to engage your professional services in support of our educational programs and consulting work. Contractors — including per-course instructors, subject matter experts, consultants, and other professionals — are a valued part of how we deliver high-quality training and services to our students, clients, and community partners.

This packet contains the forms and agreements needed to establish your engagement file, verify your credentials, and set up payment. Please complete each section and return the packet before providing services.

Important Notice — Independent Contractor Status

You are being engaged as an independent contractor, not as an employee. This means:

- You provide services under a written Independent Contractor Services Agreement, which governs your scope of work, deliverables, and compensation.
- You are responsible for your own federal, state, and self-employment taxes. The company does not withhold taxes and will issue IRS Form 1099-NEC for reportable payments.
- You are not eligible for employee benefits, workers' compensation coverage, unemployment insurance, or paid leave through the company.
- You control the manner and means of performing your services, consistent with applicable curriculum standards, regulatory requirements (Georgia DCH, AHA), and client expectations.
- You may provide services to other clients, and you supply your own professional licensure, certifications, and liability insurance as required.
- This packet does not create an employment relationship, and the Employee Handbook does not apply to you except for policies expressly incorporated into your services agreement (e.g., confidentiality, HIPAA, safety, and program standards).

Completed packets are confidential business records. Return all forms to the Administrator before your first scheduled service date. Instructors may not be scheduled for courses until credentials and required agreements are on file.

Section 4 — Background Check Authorization

Disclosure

In connection with your engagement, GA Healthcare Training & Consulting may obtain a consumer report and/or investigative consumer report (a “background check”) about you from a consumer reporting agency. The report may include criminal history, professional licensure, education, and other background information as permitted by law. Because contractors may work with students and access clinical partner facilities, screening may also be required by those facilities and by regulatory agencies, including Georgia DCH requirements applicable to nurse aide training programs.

Your Rights

- You may request a copy of any report obtained about you.
- Before any adverse decision is made based in whole or in part on a report, you will receive a copy of the report and a summary of your rights under the Fair Credit Reporting Act (FCRA).
- You may dispute inaccurate or incomplete information directly with the consumer reporting agency.

Authorization

I have read and understand this disclosure. I authorize GA Healthcare Training & Consulting and its designated consumer reporting agency to obtain background reports about me in connection with this engagement, including during the engagement to the extent permitted by law. I understand clinical partner facilities may require additional screening as a condition of site access.

Section 5 — Confidentiality & Non-Disclosure Agreement

In the course of providing services, you may have access to confidential information belonging to GA Healthcare Training & Consulting, its students, its clients, and its partner facilities. Protecting this information is a condition of your engagement and survives its termination.

Confidential Information Includes

- Student records, grades, assessments, examination and testing materials, and personal information.
- Client and consulting engagement information, including legal nurse consulting case materials.
- Patient or resident information encountered at clinical partner facilities (protected under HIPAA).
- Proprietary business information: curricula, lesson plans, exam banks, TalentLMS course content, pricing, financial records, marketing plans, and vendor agreements.
- Login credentials for company systems, including TalentLMS and any student information systems.

Contractor Obligations

- Access confidential information only as needed to perform the contracted services.
- Do not disclose confidential information to any unauthorized person, during or after the engagement.
- Do not copy, remove, photograph, or transmit confidential materials — including examination content and proprietary curricula — except as authorized in writing.
- Do not use company curricula, exam banks, or training materials for other clients or personal ventures without a written license or authorization.
- Secure documents, devices, and passwords; report any suspected breach immediately.
- Return or destroy (at the company's direction) all confidential materials upon completion or termination of the engagement.

Acknowledgment

I understand that unauthorized use or disclosure of confidential information may result in immediate termination of my engagement and may expose me to legal liability, including injunctive relief and damages. My obligations under this agreement survive the end of my engagement.

Section 6 — HIPAA Privacy & Security Agreement

Contractors providing clinical instruction, skills training, or consulting services may encounter Protected Health Information (PHI). This agreement confirms your obligations under HIPAA and the policies of clinical partner facilities.

Key Principles

- PHI includes any information identifying a patient or resident that relates to their health, care, or payment — spoken, written, or electronic.
- Access PHI only on a need-to-know basis and only the minimum necessary for the task.
- Never discuss patients or residents in public areas, on social media, or with anyone not involved in their care.
- Never photograph, record, copy, or remove PHI from a clinical facility.
- De-identify all patient information used in instruction, case studies, or consulting work product.
- Follow all privacy and security policies of partner facilities while on-site, and ensure students under your supervision do the same.
- Report any suspected privacy or security incident immediately to the company and the facility contact.

Acknowledgment & Agreement

I agree to protect the confidentiality, integrity, and availability of all PHI I may encounter in connection with my services. I understand that violations may result in termination of my engagement, loss of clinical site access, and civil or criminal penalties under federal law. Where my services involve creating, receiving, maintaining, or transmitting PHI on behalf of a covered entity, I agree to execute a Business Associate Agreement if required.

Section 7 — Services Agreement Acknowledgment

Your engagement is governed by a written Independent Contractor Services Agreement executed separately. This acknowledgment confirms receipt and understanding of that agreement and of the program standards that apply to your services.

Acknowledgment

- I have received and signed the Independent Contractor Services Agreement dated _____, which governs my scope of work, deliverables, fees, invoicing, term, and termination.
- I understand I am not an employee and that the Employee Handbook, employee benefits, and employment policies do not apply to me.
- When providing instructional services, I agree to follow applicable curriculum and regulatory standards, including Georgia DCH Nurse Aide Training Program requirements, AHA course standards and paperwork procedures, and company testing integrity and documentation standards.
- I agree to maintain professional conduct with students, clients, staff, and clinical partners, and to follow site safety, infection prevention, and emergency procedures while on any company or partner premises.
- I understand that intellectual property terms — including ownership of course materials and work product — are governed by my services agreement.
- I will submit invoices as specified in my agreement and understand payment terms: Net _____ days from approved invoice.

Section 8 — Payment & ACH Authorization

Complete this form to receive contractor payments by direct deposit (ACH). Attach a voided check or bank letter. Payments are issued per the terms of your services agreement upon receipt of an approved invoice.

Payee Information

Payee Name (must match W-9): _____

Remittance Email (for payment notices): _____

Bank Account

Bank Name: _____

Routing Number: _____

Account Number: _____

☐ Account Type: ☐ Checking ☐ Savings ☐ Business Account

Invoicing Requirements

- Invoices must include: contractor/business name, date, invoice number, description of services, course/engagement reference, dates of service, and amount due.
- Instructors: attach or reference completed course rosters and required AHA/DCH paperwork before payment can be approved.

Authorization

I authorize GA Healthcare Training & Consulting to deposit payments to the account above and to reverse deposits made in error. This authorization remains in effect until I provide written notice of change or cancellation.

Contractor Signature: _____

Date: _____

☐ Voided check or bank letter attached

Section 9 — Systems Access & Acceptable Use

Contractors may be granted limited access to company systems — such as TalentLMS, email distribution, scheduling tools, or student rosters — solely to perform contracted services.

Conditions of Access

- Use company systems only for the contracted services; access ends when the engagement ends.
- Do not share credentials; use strong passwords and secure any device used to access company systems.
- Do not download, copy, or export course content, exam banks, or student data except as required for the services and authorized in writing.
- Do not alter grades, records, rosters, or exam content outside your authorized instructional role.
- Do not post about students, clients, or clinical sites on social media, or represent yourself as speaking for the company.

Acknowledgment

I agree to the conditions above and understand that access may be monitored, limited, or revoked at any time, and that misuse may result in termination of my engagement and legal action where warranted.
