VIDEO LIBRARY

<https://videos.hartmanonline.com/SkillsVideos/index.php>

Each Hartman video contains an introduction to the skill or topic, along with the needed supplies and equipment, which are listed slowly, giving the viewer time to pause or review the information before moving on. While the skill is being performed, a voiceover explains each step, often providing context and a rationale.

Many videos provide a longer explanation of the beginning and ending steps, while newer videos offer a much briefer one.

► **Performs Beginning and Ending Steps for Skills** (5 min.)
