Nurse Aide Training Program (NATP) — Hybrid Course Design

HYBRID COURSE MAP & LESSON PLAN GUIDE

Aligned to: Hartman's Nursing Assistant Care: The Basics, 6th Edition

Jetta Fuzy, MS, RN & Hartman Publishing · ISBN: 978-1-60425-141-8

Dr. Yolaine Nozile, PhD, RN, CLNC, FCN | Founder & CEO | Instructor of Record

GA Healthcare Training & Consulting · gahctc.talentlms.com · www.gahealthcaretraining.com

How to Read This Hybrid Course Map

This course map aligns every chapter and learning objective from **Hartman's Nursing Assistant Care: The Basics, 6th Edition** to a hybrid delivery format. Each chapter row maps to: online TalentLMS activities, in-person session components, Hartman Workbook exercises, skills lab requirements, and Georgia DCH/OBRA compliance notes.

Approved Program Hours — 98-Hour Hybrid Track

Program Component	Hours	Delivery Mode	Content & Compliance Notes
Online Theory (TalentLMS)	40 hrs	Asynchronous online	Hartman 6e Ch. 1–10 modules, readings, videos, knowledge checks, module quizzes (80% minimum), discussions
In-Person Skills Lab	34 hrs	On campus — Lilburn, GA	Instructor demonstration and student return demonstration of all state-required skills; 100% pass required on each skill
Supervised Clinical Rotation	24 hrs	Approved long-term care facility	3 × 8-hour clinical days; direct resident care under supervision of the Instructor of Record; all pre-clinical topics must be completed first
TOTAL PROGRAM HOURS	98 hrs	Hybrid track	Exceeds the federal OBRA minimum of 75 hours and the Georgia DCH minimum of 85 hours. All 98 approved hours must be completed before a Certificate of Completion is issued.

Chapter hour allocations in the pages that follow sum to the 40 online and 34 in-person/skills lab hours shown above; the 24 clinical hours are scheduled as a separate rotation in Week 4. Hours are documented per student on the attendance record and the Core Curriculum Required Skills Checklist.

Online (TalentLMS)	In-Person / Skills Lab	Hartman Workbook	Hartman Skills Videos	Georgia NATP Requirement
Video · Reading · Quiz · Discussion	Demo · Return Demo · Clinical	Chapter Exercises · Review	Free with textbook adoption	DCH / OBRA Compliant

Ch. 1: The Nursing Assistant in Long-Term Care

Textbook Pages pp. 1–20	Online Hours 4 hrs	In-Person Hours 2 hrs	Pre-Clinical? YES — Required	GA NATP Modules Mod 01 · Mod 05 · Mod 06	Hartman Videos None
----------------------------	-----------------------	--------------------------	--	---	------------------------

Learning Objectives (Hartman 6e)	Online — TalentLMS Activities	In-Person Activities & Skills Lab	Hartman Workbook	Skills Lab & Videos
1. Compare long-term care to other healthcare settings 2. Describe a typical long-term care facility 3. Explain Medicare	• Video: Welcome & Role of the CNA — Dr. Nozile (8 min) • Reading: Long-Term Care Settings & Healthcare Team	• Orientation session: course expectations & hybrid format overview • Role play: Chain of command — who do you report to?	Ch. 1 exercises: multiple choice, true/false, crossword, critical thinking scenario	Skills Lab: None — didactic chapter Hartman Videos: N/A

and Medicaid 4. Describe the nursing assistant's role 5. Describe the care team and chain of command 6. Define policies, procedures, and professionalism 7. List examples of legal/ethical behavior and explain Residents' Rights 8. Explain legal aspects of the resident's medical record 9. Explain the Minimum Data Set (MDS) 10. Discuss incident reports	• Reading: Residents' Rights — OBRA 1987 & Person-Centered Care • Reading: Legal Aspects — HIPAA, MDS, Incident Reports • Case Study: Navigating the Chain of Command • Knowledge Checks ×3 (ungraded, required for unlock) • Module Quiz — 10 Questions (80% min, 2 attempts) • Discussion: What brought you to the nursing profession?	• Group activity: Residents' Rights poster exercise • Q&A: Legal/ethical dilemmas in long-term care		GA NATP: Pre-clinical — covers Residents' Rights (mandatory pre-clinical topic)
