Nurse Aide Training Program (NATP) — Georgia DCH

Program Office & Clinical Rotation Policies

Including Detailed Refund Policy and Itemized Program Costs

1. Program Office Policies

- Program office: 5400 Lawrenceville Hwy, Suite A-1, Lilburn, GA 30047. Office hours: Monday–Friday, by appointment. Contact: 762-394-7944 • info@gahealthcaretraining.com.
- Enrollment is confirmed only when the enrollment agreement is signed and the required registration fees (application and background check) have been received.
- Tuition is due in full prior to the first day of instruction unless a written payment plan has been approved by the Program Director/CEO before the program start date.
- Students on an approved payment plan must remain current with all scheduled payments; failure to do so may result in suspension from the program until the balance is resolved.
- All fees — including application and background check fees — must be paid in full before the student may sit for the Georgia Nurse Aide Competency Evaluation (NNAAP), administered by Credentia.
- Accepted payment methods: cash, money order, cashier's check, credit/debit card, and Zelle (ynozile@gahealthcaretraining.com).
- Student records — including enrollment documents, attendance records, evaluations, make-up documentation, and grievance records — are maintained confidentially in the program office in accordance with Georgia DCH requirements.
- Student concerns are addressed through the four-step GAHCTC Grievance & Appeals Procedure (informal resolution, formal written grievance, Program Director review, and CEO appeal).

2. Clinical Rotation Policies

- The program includes twenty-four (24) supervised clinical practicum hours (Days 13–15), completed at a licensed nursing home facility holding a signed affiliation agreement with GAHCTC.
- All clinical hours occur under the direct supervision of a qualified RN clinical supervisor/preceptor. The student-to-supervisor ratio does not exceed 12:1 at any clinical site.
- All Part I pre-contact training (minimum 16 hours) must be completed before any student participates in direct resident care.
- Prior to clinical placement, each student must have on file: a satisfactory criminal background check; current negative TB screening (PPD or QuantiFERON) and immunizations per facility policy; current CPR/BLS certification; a signed HIPAA Confidentiality Agreement; a signed Clinical Practicum Agreement; and health clearance from a licensed healthcare provider (within 12 months).
- Students must demonstrate skills laboratory competency in all foundational skills before clinical placement.
- Students must wear the required GAHCTC uniform and identification at all times in the clinical setting; cell phones and personal electronic devices are not permitted in the clinical area.
- Strict confidentiality of all resident information is maintained in accordance with HIPAA. Suspected abuse, neglect, or mistreatment must be reported immediately per Georgia mandated reporter law.
- Clinical facilities reserve the right to deny or discontinue student placement based on background screening results or conduct; eligibility for clinical placement is mandatory for program completion.

3. Itemized Total Cost of the Program

Item	Amount	Refund Treatment
Program Tuition (includes textbook — Nursing Assistant Care: The Basics, 6th Ed., stethoscope, and blood pressure cuff)	\$1,200.00	Refundable per the Refund Policy below
Nursing Assistant Application Fee (due at registration)	\$100.00	Non-refundable
Background Check Fee (due at registration)	\$25.00	Non-refundable
TOTAL PROGRAM COST	\$1,325.00	—

Optional Payment Plan (upon written approval)

Installment	Due	Amount
Installment 1	Day 1 of the program	\$500.00
Installment 2	Week 2	\$500.00
Installment 3	Week 3	\$200.00
Total Tuition		\$1,200.00

Tuition and all fees are subject to change; current rates are confirmed at the time of enrollment.

4. Detailed Refund Policy

4.1 72-Hour Rescission Period — Full Refund

A student who cancels enrollment within seventy-two (72) hours of signing the enrollment agreement (excluding weekends and holidays), and before attending any instruction, will receive a full refund of all tuition paid. Application and background check fees are non-refundable once processing has begun.

4.2 Withdrawal Before the Program Begins

A student who withdraws after the 72-hour rescission period but before the first day of instruction will receive a full refund of tuition paid. Registration fees (application and background check) are non-refundable.

4.3 Withdrawal After the Program Begins — Prorated Refund

If a student withdraws, or is administratively withdrawn, before completing 50% of the total approved program hours (90 hours in-person / 98 hours hybrid), GAHCTC will refund a prorated amount of tuition paid, calculated as follows:

$$\text{Refund Amount} = \text{Tuition Paid} \times (1 - [\text{Hours Completed} \div \text{Total Approved Program Hours}])$$

If a student withdraws on or after completing 50% of the total approved program hours, no portion of tuition is refundable.

4.4 Items Non-Refundable Once Furnished

- Application and background check fees, once processing has begun.
- Textbook, stethoscope, and blood pressure cuff, once issued to the student (unless returned new, unused, and unmarked within 7 calendar days).
- Third-party pass-through costs (TB screening, health clearance, CPR/BLS certification, state exam fees) once the service has been performed or registration submitted.

4.5 GAHCTC-Initiated Cancellation

If GAHCTC cancels a cohort before its start date, all tuition and fees paid will be refunded in full, excluding only goods or services already irrevocably furnished. If GAHCTC discontinues a cohort in progress in a way that prevents a student from continuing, GAHCTC will either (a) arrange for the student to complete the program in the next available cohort at no additional tuition cost, or (b) refund the tuition corresponding to the program hours not yet delivered.

4.6 Refund Processing

The withdrawal date is the date GAHCTC receives written notice of withdrawal, or the date of administrative withdrawal. All refunds due are issued within thirty (30) calendar days of the withdrawal date, by the original payment method wherever possible.
