

Certified Nursing Assistant (CNA) Program Admission Requirements

At **GA Healthcare Training & Consulting, LLC**, we are committed to preparing compassionate, competent, and professional Nursing Assistants for success in healthcare. To ensure eligibility for admission into our **Certified Nursing Assistant (CNA) Program**, all applicants must meet the following requirements:

1. Valid Government-Issued Photo Identification

Applicants must provide a current, valid photo ID at the time of enrollment.

Acceptable Forms of Identification:

- Driver's License
- U.S. Passport
- State Identification Card
- U.S. Military Identification Card

2. Criminal Background Check

A criminal background check is required for all applicants prior to admission and clinical placement.

Ineligibility Criteria:

- **Felony convictions** may disqualify applicants from admission into the CNA program.
- Certain **misdemeanors and felony offenses involving violent crimes, abuse, neglect, exploitation, or crimes against another person or child** may also result in ineligibility.
- Clinical facilities reserve the right to deny student placement based on background screening results.

Please note that successful completion of the program requires participation in clinical training at an approved healthcare facility. Eligibility for clinical placement is mandatory.

3. Proof of High School Graduation or Equivalent

Applicants must provide documentation demonstrating completion of high school or equivalent education.

Acceptable Documentation Includes:

- High School Diploma
- Official High School Transcript
- GED Diploma or GED Transcript
- College Transcript showing completion of at least **two (2) years toward a four-year degree**

4. Tuberculosis (TB) Screening Requirement

To ensure the safety of patients, residents, staff, and students in clinical settings, all Nursing Assistant students must provide proof of a **negative Tuberculosis (TB) screening** prior to participating in clinical training.

Acceptable TB screening documentation may include:

- **Negative TB Skin Test (PPD), or**
- **Negative TB Blood Test (QuantiFERON)**

TB screening documentation must be current and on file before students are permitted to attend clinical training at a nursing home or healthcare facility.

5. Additional Clinical Requirements

Prior to attending clinical training in a nursing home or healthcare facility, students must complete:

- **Criminal Background Check Clearance**
- **TB Screening Documentation**

Students who fail to meet clinical requirements may not be permitted to continue in the program.

Begin Your Journey in Healthcare Today!
